**UNITED STATES DISTRICT COURT
DISTRICT OF ARIZONA
PHOENIX DIVISION**

UNITED STATES OF AMERICA,

Plaintiff,

v.

TEXMO OIL COMPANY JOBBERS,
INC.,

Defendant.

Civil Action No.:
2:07-cv-01401-DKD

CONSENT DECREE

I. BACKGROUND

A. The United States of America (“United States”), on behalf of the Secretary of the United States Department of the Interior (“DOI”), filed a complaint in this action against Texmo Oil Company Jobbers, Inc. (“Texmo” or “Defendant”) pursuant to the Oil Pollution Act (“OPA”), 33 U.S.C. §§ 2701-2761.

B. The Bill Williams River National Wildlife Refuge (“Refuge”) is managed and administered by the United States Fish and Wildlife Service. Pursuant to Executive Order 12580 and the National Contingency Plan, 40 C.F.R. Part 300, DOI, through the

Fish and Wildlife Service, has been delegated authority to act as the Federal Trustees for natural resources in the Refuge.

C. The United States' complaint alleges that on July 28, 2006 a tanker truck, owned and operated by Texmo, carrying 7,600 to 7,800 gallons of diesel fuel, lost control crossing a bridge over the Bill Williams River. The diesel spilled onto the bridge, caught fire, and flowed off the bridge into the Bill Williams River and onto land in the Refuge. The spilled, burning diesel ignited the cattails in the marsh below the bridge and the fire eventually spread to include woody riparian and upland vegetation along the shoreline and the riparian forest upstream of the bridge. Approximately 348 acres of marsh and terrestrial habitats were burned or partially burned by the fire. This event is hereinafter called the "Incident."

D. The United States' complaint alleges that the Defendant is liable under OPA for damages for injury to, destruction of, or loss of natural resources resulting from the release of oil during the Incident.

E. By entry into this Consent Decree, the Defendant does not admit any liability to the Plaintiff arising out of the transactions or occurrences alleged in the complaint.

F. The Parties to this Consent Decree recognize, and the Court by entering this Consent Decree finds, that this Consent Decree: (i) has been negotiated by the Parties in good faith; (ii) will avoid prolonged and complicated litigation among the Parties; (iii) will expedite natural resource restoration actions to be performed by the Trustees; and (iv) is fair, reasonable, and in the public interest.

NOW, THEREFORE, it is hereby Ordered, Adjudged, and Decreed:

II. JURISDICTION

1. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1345, and Section 1017(b) of the Oil Pollution Act of 1990 ("OPA"), 33 U.S.C. § 2717(b). The Court also has personal jurisdiction over Defendant. Solely for the purposes of this Consent Decree and the underlying complaints, Defendant waives all objections and defenses that it may have to jurisdiction of the Court or to venue in this District. Defendant shall not challenge the terms of this Consent Decree or this Court's jurisdiction to enter and enforce this Consent Decree.

12. Special Reservations Regarding Natural Resource Damages.

Notwithstanding any other provision of this Consent Decree, the United States reserves the right to institute proceedings against Defendant in this action or in a new action seeking recovery of Natural Resource Damages, including costs of damages assessment, based on: (i) conditions caused by the Incident, unknown to DOI as of the date of lodging of this Consent Decree, that result in releases of oil that contribute to injury to, destruction of, or loss of Natural Resources; or (ii) information received by DOI after the date of lodging of this Consent Decree which indicates that the Incident has resulted in injury to, destruction of, or loss of Natural Resources of a type or future persistence that was unknown to DOI as of the date of lodging of this Consent Decree.

XI. EFFECT OF SETTLEMENT

15. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree.
